Real Democratic Party Should Benefit

A. B. Brady, Chairman of the Robertson County Democratic Executive Committee, thinks that Henry A. Wallace's bid for the Presidency on Third Party ticket should benefit the true Democratic Party. Mr. Brady has issued the following statement:

"It will make true democrats take more active interest in the campaign. It will at least show the real alignment of the voters that still believe in the democratic principles of Thomas Jefferson from those of Mr. Wallace and his communistic backers. It is true that in Mr. Wallace's imaginary campaign for liberalism there will be some innocent and sincere people to fall in his camp.

"Let us not forget that it was a Henry A. Wallace who formed the first Republican Thousand Dollar Club (every member gave a thousand dollars) to help elect his personal friend, Herbert Hoover in 1928.

"Is there anyone living now that was living then that could forget what happened after the election of Herbert Hoover and the overwhelming Republican House and Senate? Could anyone forget that four years of terror in which the economical structure of our country almost collapsed? Is there any one in Robertson county that could forget that cottonseed dropped to $8.00 a ton; cotton to six cents a pound; nice size hogs as low as four and five dollars each, and some cattle seven and eight dollars a head; eggs, three dozen for twenty-five cents? Many other items of like drop in value could be enumerated. But most of all, can any one forget the poverty-stricken situation of the twenty-five million people that were out of work during the Hoover administration? Mr. Wallace and his thousand dollar clubbers promised the voters a chicken in every pot and a car in every garage. Well, voters you know what you got.

"Then came along that great leader, Franklin D. Roosevelt, who led the country out of choas and the throes of revolution. Then came the turn-about-face. Things looked greener in the other fellow's pasture and Wallace got on the bandwagon. He was so convincing that Roosevelt eventually chose him as his running mate. Wallace's ideas were so mystifying that Roosevelt dropped him for a running mate on his fourth race and chose that great leader, Harry S. Truman to run in the place formerly held by Mr. Wallace. Mr. Truman, to appease Mr. Wallace, gave Mr. Wallace a place in the presidential cabinet. When our administration saw that we had to get firm with Russia, Mr. Wallace bouyantly repudiated the stand of the administration much to the embarrassment of our government and its foreign policy.

"President Truman had to ask for Wallace's resignation. There was only one camp left for Mr. Wallace—the Red camp and so sprung the Third Party with Mr. Wallace as its presidential candidate.

"Loyal Democrats do not fall for false theories. While this country and all its people prosper, the farmers of Russia turn their wheat over to the government and in turn are given back black bread to eat.

"Loyal Democrats do not forget the Thousand Dollar Clubs and the great Hoover depression. Don't for-

ROY GRIFFITH IS NOMINATED

MORE PAY FOR THE WAR VETERANS

COLDER BY THURSDAY

DEFEATS CHAS. SMITH BY 147 VOTE MARGIN

Roy Griffith, well known Cameron business man and former member of the City Council, was nominated for Mayor Tuesday over Chas. C. Smith, Sr., former Mayor.

Mr. Griffith's majority was 147 votes. Chas. C. Smith who held the office 12 years has been defeated 3 times. Mr. Griffith was defeated by August Kunz in 1946 for a place on the Council.

Mr. Griffith who will become Mayor in April, made no commitments but said he would do the best he could and pledged the people that he will strive for an efficient administration of the city's affairs and stands ready to co-operate for the betterment of Cameron.

Grady Stidham who withdrew from the race received 354 votes. Mr. Kunz was re-nominated.

In the race for City Marshal the incumbent Jim McGoldrick, won the race by 31 majority over Joe Richter.

A total of 1201 votes were cast. The weather was bad and many may have failed to go to the polls on that account.

Negro voters took part in the primary and quite a few cast ballots.

NEW FARM STORE TO HOLD OPEN HOUSE HERE

The big note of progress for 1948 along commercial row in Cameron will be the opening of the new store of Burkes-Howard Company here on Saturday, February 5.

Construction work was begun in the fall of 1947 and the new plant at the corner of North Fannin avenue and Highway 77 marks a new era in the sale and service of farm equipment. The company sells Farmall Tractors, McCormick-Deering farm equipment and International Trucks.

The new store, a prototype building, is large and incorporates a number of departments. The company has provided a service department to be manned by experienced mechanics and will service equipment of all kinds, including cars and trucks.

Open house will be held from 2 to 5 p. m. and refreshments will be served. The company has mailed to thousands of friends and customers

FRANK M. HALEY FILES 65TH REPRESENTATIVE

Frank M. Haley, of Rockdale, a widely known citizen and business man, has filed for a place on the ballot as a candidate for the nomination for Representative of the 65th district composed of Milam, Lee and Burleson Counties.

Mr. Haley said he would probably make a formal statement of his views at the proper time in the campaign but due to the early date had not completely formulated his policies.

He would like to hear from as many people as possible to get a more complete understanding of what they believe a representative should do to help this District, so long forgotten and neglected.

Mr. Haley has been a citizen of Milam county for a number of years and operates a number of dry goods stores in the District and feels he could be of especial service to the people in the coming legislature.

He expressed appreciation for the encouragement he has received and for the solicitations that led to his filing for a place on the ballot. He has a program for the people and will have something important to say at the proper time. In the meantime he will greatly appreciate anything his friends may do in the way of support for his candidacy.

STUDENTS AND MEN ON JOBS ARE BENEFITTED

WASHINGTON, Feb. 3—Two bills benefiting veterans broke out of a log-jam and passed the house today by thumping majorities.

One went to President Truman on a 370-6 vote. It would.

1. Raise the allowance for unmarried veterans in college from $65 a month to $75.

2. Pay a married student with one dependent $105 a month, and those with two or more dependents $120 The payment for all married students now is $90.

The other bill would raise the amount of veteran taking on-the-job training can receive from his employer while getting government subsistence allowances. It passed 371-5 but it differed with the version passed by the senate and must await an agreement between the two chambers.

As approved by the house, it would allow single men to receive $250 a month in combined allowance and salary, those with one dependent $325, and those with two or more $350. The present ceilings $175 for single men and $200 for married.

The present ceilings on subsistence allowances would not be changed. These are $65 a month for single veterans, and $90 for married veterans.

Both bills passed the senate last summer. The house veterans affairs committee approved them and Chairman Rogers (R-Mass) set out to get them before the house.

Mrs. Rogers repeatedly appealed to house Republican leaders for permission to bring the bills up. The rules committee did not give her committee a hearing.

Then last week rules Chairman Allen (R-Ill) announced that the bills would be considered as chairman, but as a house leader urging other leaders to join him in backing the bills.

CHANGE HITS PLAINS COUNTRY WEDNESDAY

It is going to be colder by Thursday but not so cold as during the severe spell of last week, it was indicated in the forecast for Thursday and Friday.

While another severe blizzard was heading into New England and somewhat down the Atlantic seaboard, another wave of slightly less temperature was coming down to Texas through the upper plains country.

Rain was pretty general over Texas but not sufficient to bring the desired relief from late winter drouth.

It would be cloudy in the Cameron and Central Texas area for the next 48 hours and possibly longer with turning cold Thursday late or Friday. There was no relief in site from the cloudy skies and drizzle that blotted out the sun Sunday.

SENATOR KYLE VICK IS RE-ELECTION CANDIDATE

Senator Kyle Vick will be a candidate for re-election to the State Senate from this district, he informed The Herald Tuesday.

Senator Vick will make a formal announcement at a later date for publication in the newspapers of the district, he said.

Friends in Milam county will be glad to know that Senator Vick will offer for re-election. He has served his district well and has a host of friends and supporters in this area. The district is composed of Milam, McLennan, Falls and Limestone counties.

Senator Vick has always had a very warm feeling for the people of this county since they have so generously supported him and he in turn has been instrumental in doing many worthwhile things for the people.

VETERAN ANNOUNCES CANDIDACY ON TUESDAY

Roy Vaughan, war veteran and popular young Cameron business man, announced to-day that he will seek the nomination for District Clerk at the coming Primary election on Saturday, July 24.

R. L. Batte Recalls Old Times With Cameron Firemen as $50 Donated to Convention Fund 4 Battes Participate In Sending Money

R. L. Batte, Sr., pioneer, recalls old times in Cameron as he sends the Department a check for $50.00 to apply on their May convention fund. John C. Andres, Secretary of the Firemen has asked permission to print the following letter written by Mr. Batte:

"Fire Chief Ralph Michalka, and members of Cameron Volunteer Fire Department.

"Dear Friends:

"We hear that you will have a fireman convention in Cameron about the first of May and knowing that you will have considerable expense we are sending you a check for $50.00 as a token of our appreciation of your efforts as firemen.

"Being an old resident of Cameron I will remember the organization of the old hook and ladder company, John T. Arnold as chief and Will Caldwell as driver of the fire wagon and old Tom and Jerry the first fire horses to be used as motor power. The fire boys were brave in those days the same as now, and they went the limit regardless to danger to life and limb.

"Among the first members was Frank Porter, John T. Arnold, Arthur Baskin, Will Caldwell, Matt Bailey, The Cheeves, Roy and Jeff Jeter, Dick Batte, Will Crain and many others, many who have gone to their last reward.

"They were brave boys then and you are brave boys now. Made of the stuff that make heroes. You do your duty.

R. L. BATTE, Sr.,
MRS. R. L. BATTE, Sr.,
MARY BELLE BATTE,
LELIA LEE BATTE."

MAYOR ELECT THANKS VOTERS IN CAMERON

To the voters of Cameron: As it is impossible to see each and every one personally to thank you for your part in electing me as your mayor I take this method of expressing to you, my sincere thanks and appreciation for the splendid vote you gave me I hope you never regret it and to you who did not see fit to support me, I am still your friend.

Scout Week Is Observed

TRIBUTES ARE DUE TO GREAT YOUTH MOVEMENT

This is Boy Scout Week and tributes are due for this great Youth Movement.

Cameron was prepared to take full advantage of the week to think and plan for the support of this great character building organization.

The Boy Scout movement was begun in England in 1908. The foundation for the now world wide organization grew from experiences and impressions of youth during the siege of Mafeking in 1899. It was there that Sir Robert S. S. Baden-Powell, an Englishman, saw boys organized into an efficient messenger service.

When Baden-Powell returned to England in 1902 the idea was fostered and received popular support. A royal Charter of Incorporation was granted in 1910.

In the United States, Daniel Carter Beard and Ernest Thompson Se-

From where I sit ... by Joe Marsh

Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Jeb Crowell's hammering at night. Jeb was building himself a new front porch—and the only time that he could give to it was after sundown.

Finally we decided the best thing to do was all pitch in and help—and get the carpentry over with as soon as possible. We did. Finished the porch next evening—and Jeb gratefully treated us to ice cold beer and cider.

From where I sit, that's what being a good neighbor means. Instead of complaining about the other fellow's *habits*, try to understand and share his *interests*.

So if my practising on the flute annoys you, come on over, neighbor, with your fiddle or guitar and join me! Maybe it will end up in our knowing and appreciating one another better ... in an evening of good fellowship. And I'll promise to provide the beer that *goes* with evenings of good fellowship!

PRAISE AND AWARDS FOR 1947 IMMORTALS

A grateful community braved an ice storm and freezing temperatures to pack the gymnasium Monday night to pay tribute to the 1947 immortals of the Yoemen football team and their coaching staff.

Awards of letters were made to 29 members of the squad and farewell was said at this time to 7 who are mid-term graduates.

Every seat at the banquet tables was occupied as Albert Collins, toastmaster, called the crowd to attention and C. M. Canady, principal of the Ada Henderson school, gave the invocation.

Mr. Collins thanked the Cameron Rotary Club and Lions Club for their share in the success of the banquet. He thanked the press for the fine publicity given football during the past season and all those who have had a share in the success of the athletic program.

J. R. Poole of the Cameron Herald, repersented these newspapers and B. F. Reichert was present for The Enterprise.

A ripple of applause broke over the banquet scene as Mr. Collins introduced Mrs. Leo Jackson and Mrs. Dick Young as coaches and Leo Jackson, Dick Young and Harrison McLarren as assistant coaches.

Coach Jackson was introduced and recommended to Superintendent W. T. Hanes that awards be made to 29 members of the 1947 A football squad.

Coach Jackson announced the Captains for the 1948 Yoemen team. They are John David Matula, backfield star and Gordon Gibson, center who has great promise as a lineman.

Dick Young, line coach, was introduced by Coach Jackson and Mr. Young made the presentation of grey and maroon jerseys to the members of the A squad.

Harrison McLerran, coach of the B and C squads was introduced and he in turn presented the members of the B and C squads, seated at their section of the tables.

It was pointed out that the B squad did not lose a game in their district during 1947 and the C squad lost only one game.

Joe Hawkins, first string end on the A squad, presented Coaches Jackson, Young and McLerran with belt buckle sets and Superintendent Hanes with an ash tray and John Henry Wilson, scout, received a cigarette lighter.

J. R. Hays the next speaker paid a compliment to the members of the team and said that the Coaches alone are not responsible for such a fine team of boys, that parents were most helpful and deserve much credit for these fine young men. Mr. Hayes then presented Coaches Jackson, Young and McLerran and Superintendent with bonds from football fans.

P. L. Downs, Jr., publicity director for A&M College, was the principal speaker. Mr. Downs said that All American football men are not made in a single game but by process of training and experience beginning with their first year of play.

He compared the individual who makes the top to gold first discovered in the rough to be processed and refined into the most precious of our metals. Mr. Downs invited the Yoemen squad to visit A&M. The talk by Mr. Downs was climaxed by showing of the film of the A&M-Arkansas game last fall.

Superintendent Hanes said that the athletic department of the school netted around $3000 last year.

Francis Cox, director of the Yoe High School Band and all members of the band were thanked for their generous share in the colorful success of the football season in 1947.

The Yoemen won their district and the Bi-District titles but lost to Mexia in the Regional game played in Temple.

R. B. Provasek of Route 1 was a welcome visitor in Cameron this week.

FEDERAL FUNDS ARE REDUCED TO TEXAS

The Texas Employment office in Cameron will be closed along with several others in the state, it was announced in Austin Thursday.

Reduced federal funds was given as the reason for the closing of these agencies. The agency at Cameron has served well the needs for labor assignment here and has been very beneficial to the farmers.

Efforts were being made here to retain the office.

The Texas employment commission will reduce its staff by 115 employes and close nine local offices Jan. 31 because of another cut in federal funds for administration.

On Jan. 1 the commission laid off 100 staff members. The second reduction in allocation of federal funds for administration amounted to $173,000, W. H. Farmer, administrator, said.

Local offices to be closed are at Lockhart, Gonzales, Eastland, Graham, Cameron, Center, Clarksville, Huntsville and Marfa.

Anton Mikula, long time reader of The Herald, was a visitor here this week to renew his subscription for another year.

Whose Hands?

Gas men's and women's.

By the work they do they are joined to bring natural gas from deep in the earth to the burner tip of gas appliances in your home.

In this era of rapid agricultural, industrial and community growth in the territory served by Lone Star Gas Company, these hands are working in a great expansion program.

They're busy in 333 communities and along 5,000 miles of pipeline pushing forward $40,000,000 worth of improvements to keep Lone Star Natural Gas Service ahead of demand in a rapidly growing territory.

Building pipelines and compressor stations... drilling wells... building new town distribution plants... and a wide variety of other projects—that's the work of the Lone Star team, more than 4,500 pairs of hands strong.

This is the second year of this system-wide program in which more hands than ever before will be working to continue supplying dependable natural gas service to you and to bring service to new homes and communities not yet enjoying natural gas service.

LONE STAR FOLKS ARE Busy

These hands represent seven of 189 different skills employed to bring natural gas from wells to the burner tip of gas appliances in your home.

ton collaborated to organize the Boy Scouts of America and accordingly the organization was chartered under the laws of the District of Columbia on February 8, 1910.

Thus for 37 years the Boy Scouts have played an important role in the development of youth under the guiding hand of their seniors and those who from year to year recognize the wise investment of funds in the movement.

The aim of the organization is to develop character, to aid in furnishing equipment for a career, and to train in service for others, physical health, and efficient citizenship, by utilizing the natural activities and interests of the adolescent period.

Here in Milam county and in the area of the Heart of Texas Council of the Scout organization the people have had abundant reason to rally to the support of this great movement.

During this week it is entirely appropriate and worthy of our best thought that we observe these days in warm tribute and generous thinking for the future of our own Troops and the splendid youths who man them.

in the Army Air Corps, said he would make retailed announcement at the proper time.

Mr. Vaughan is a native of Milam county, was educated in the Rogers High Schools and during his years in the Army Air Corps took full advantage of the courses of study offered by the government.

Mr. Vaughan has had ample experience as a business man and in the army to equip himself abundantly to discharge the duties in the office of District Clerk. He was very grateful for the encouragement he has received and wished to express his thanks to the many friends and supporters over the county.

Mr. Vaughan is 25 years old, is married and has two small children. He is a wide awake, energetic and intelligent young man who will give the people a faithful and efficient administration of the duties in the office he seeks. His war record is one of the best and during the six years he served his country as a pilot flew many important and hazardous missions in this great arm of the service.

He plans an active campaign and will appreciate the co-operation of his host of friends and supporters.

The observance in Cameron is one of more than 10,000 such united services to be held in as many communities across the United States; and the American observance will be paralleled by similar services in sixty countries on every continent in the world.

A PROCLAMATION

WHEREAS, from the foundation of the American Republic, our forefathers, whatever their creed, or condition, or race, or station or origin, have been wont to turn to the God of the Universe for guidance and blessing; and the founders of Hampstead early built here homes of worship; and God has signally blessed our people whenever they have called upon Him and followed Him; and

WHEREAS men of all faiths today realize that only divine wisdom and the following of God's commandments can help our people and the world in the bewilderment and turmoil of these post-war years; and

WHEREAS, the Council of Church Women of Cameron, uniting with similar groups across America and throughout the world, has designated Friday, February 13, 1948, as a "World Day of Prayer," urging people to gather to ask for divine guidance for themselves and all mankind, and to give of their plenty to others as a token of brotherhood and of gratitude:

THEREFORE, I, A. W. McCullin, Mayor of Cameron, Texas, do proclaim Friday, February 15, 1948, a Day of Prayer in Cameron and do call upon all our citizens to give reverent attention to the purposes of this observance, to offer their own prayers and petitions to their Heavenly Father, and, if possible, to attend corporate worship at the religious service of the day. Let us each call upon God to aid us in the establishment of lasting peace, goodwill, and brotherhood everywhere in the world.

A. W. McCULLIN, Mayor.

Bert Lancaster Heads Cast In "Brute Force"

"Brute Force," the powerful and much discussed melodrama, will open Thursday at the Cameron Theatre.

A story of men behind the grim stone curtain of the prison world, the picture is filled with electrifying scenes of massed action, ruthless daring and cold fury. It is a motion picture experience rarely if ever conceived by Hollywood's film makers.

"Brute Force" was produced by Mark Hellinger for a Universal-International release, and the leading player is Burt Lancaster. It is an encore to Hellinger's recent melodramatic hit, "The Killers," which introduced Lancaster to the screen.

There are seven featured and 25 important roles, in addition to thousands of extras. Principals on the "Inside" are Lancaster, as a convict, Hume Cronyn as the cruel guard captain, and Charles Bickford as a convict.

Stars on the "Outside" are Yvonne De Carlo, Ann Blyth, Ella Raines and Anita Colby. The supporting cast incluudes Sam Levene, Howard Duff, Art Smith and Jeff Corey.

Among the many new players introduced is Duff, sensational young actor already popular on radio as Detective Sam Spade in the program, "The Adventures of Sam Spade."

Another interesting personality is Sir Lancelot, famed Trinidad Calypso singer, who as one of the convicts, comments on prison happenings in Calypso rhythms.

Core of the story are inmates of Cell R-17, ringleaders in an attempt to escape from the prison and across the wide river bordering it. The setting, Westgate Penitentiary, is fictitious.

Jules Dassin directed. Robert Patterson wrote the story and Richard Brooks the screenplay. Jules Buck was associate producer.

Mrs. Frank Slder and baby daughter, Faye of Salina, Kansas are spending several days in the home of her mother, Mrs. Grady Little.

Mrs. Myrtle Levy of Bremond spent Sunday with her sister, Mrs. Homer Terry of Cameron.

Two brothers and four sisters survive as follows: Lanis Blackwell, Cistern, Texas, Gould Blackwell of Smithville; Mrs. Ada Gilbert, Buckholts; Mrs. Cora Cherry, Austin; Mrs. Lenny Ethridge, Coryell, Texas; and Mrs. Lula Harris, Austin.

COUNTY POLL TAXES TOTAL UP TO 6003

Milam county citizens qualified to vote through payment of poll tax total 6003 it was announced at the office of Valter White, tax collector by LeRoy Massengale, chief clerk.

Mr. Massengale said that up to Tuesday morning the department had received payments for 6003 and if other applications are in the mail and postmarked not later than midnight January 31 they will be accepted. It was believed all applicants and payments are in.

A total of 74 exemptions were issued to those who were not 21 on January 1, 1947 and were not legally to be assessed and 9 aliens qualified.

The total poll taxes paid up to January 31 in 1947 was 5418. The county poll tax payments for 1948 did not set a record as was the case in the city of Cameron.

Mr. and Mrs. R. L. Merrill and son and Mr. and Mrs. Roy Stephens all of Lockhart spent Sunday in the home of Mr. and Mrs. M. M. Johnson.

Mr. and Mrs. Claude Robinson, Jr. and son of Galveston and Mrs. Robinson's mother, Mrs. Clairmore of Rockdale spent the week end with Mr. and Mrs. Claude Robinson, Sr. of Cameron recently.

INDIAN LEADER VICTIM YOUNG HINDU FANATIC

Mohandus K. Gandi, moral and spiritual leader of India's teeming millions, was assassinated early Friday, according to a Reuter's dispatch relayed to this country by the British news agency from New Delhi.

Shortly after the leader had been killed a young Hindu was taken into custody. First reports said that Ganhi had been shot and a later report indicated he may have met death from the explosion of a bomb.

The young Hindu leader was said to have possessed a bomb when arrested. According to the report the assassin was protesting Gandhi's fast.

The Indian leader recently called off a hunger strike when fighting ceased in Paikastan.

Gandhi known to millions of earth for his fight for freedom of India to throw off British Rule, was one of the world's great intellects. He was an Oxford graduate and in his younger days entered the practice of law but gave up his professional career to assume leadership of his people.

FORMER ROCKDALE MAN WAS PROMINENT TEXAN

Henry C. Meyer, former Chairman of the Texas Board of Control, and for many years Mayor of the city of Rockdale, died early Thursday morning at his home in Austin.

Funeral arrangements were pending as the body was being returned to Rockdale for burial. It was thought the funeral may be held there late Friday or Saturday.

Mr. Meyer was for many years a resident of Rockdale and one of the early business men of this section. He was a partner in the firm of Henne & Meyer, operating hardware stores in Rockdale, Cameron and New Braunfels.

He was known far and wide as the Dollar a Year Mayor of Rockdale. Upon his insistance he served with a salary of one dollar per year and gave much of his time to the problems of the city government there.

During the second administration of Governor Miriam A. Ferguson he was named to the Board of Control and became chairman of that board, serving for 6 years.

After he retired from the Board he settled in Austin and continued to live there until his death. Mr. Meyer was about 80 years old.

H. C. MEYER FUNERAL IS HELD IN ROCKDALE

Funeral services for Henry C. Meyer, 81, former Chairman of the State Board of Control, and Mayor of Rockdale, were held Friday in Rockdale.

Mr. Meyer died at his home in Austin Thursday, January 29. He had made his home in the capital after retiring from the Board of Control to which he was appointed by Governor Miriam A. Ferguson.

Mr. Meyer served for 25 years as Mayor of Rockdale and was a well known central Texas business man.

Surviving are his widow, Mrs. Ruth Gentry Meyer, two sons, H. C. Meyer, Jr., of Sweetwater and B. G. Meyer of Belton and one daughter, Mrs. R. D. Deputy of Denton.

Find Religious Growth Gaining

Increased Interest Cited in Church Programs in United States.

CHICAGO. — Dr. Roy G. Ross, general secretary of the International Council of Religious Education, reports that religious education in the United States has entered a period of progress and growth.

Citing increased participation in church-sponsored programs, he predicts further increases and says:

"The general 'climate' in America is much more favorable to religious education than it was a decade ago.

"Our more substantial citizens are shocked by conditions which have resulted from lack of adequate religious training — broken homes, increased intemperance and child delinquency.

Have Bigger Turnouts.

"Therefore, there is a manifestation of interest and concern on the part of serious-minded parents and civic leaders such as we haven't had in a quarter-century."

Dr. Ross says there have been bigger turnouts at sessions devoted to instruction and character development since the end of the war. But, he adds, the gains are "not nearly large enough."

"During the last two years attendance has picked up decidedly," he says. "I foresee a much larger pickup in the years immediately ahead."

He submits these statistics on activities:

More than two million students were released from public schools for an hour a week this year so they could receive religious instruction at weekday schools sponsored by Protestant churches. The plan was in effect in 2,200 communities, a number that has been doubled in seven years.

Youth Work Grows.

About 34 million persons now are enrolled in Sunday schools.

Some five million children and young folks attend vacation church schools, conducted for periods ranging up to four weeks during the summer months.

An estimated 350,000 to 400,000 young people go to 2,500 summer camps and conferences. The camps —some denominational, some interdenominational — combine study, worship and recreation. In some camps selected young men and women are trained for leadership in their home congregations.

Dr. Ross also reports a rapid growth of interdenominational youth work through such agencies of cooperative action as local community youth councils, the national United Christian youth movement and the world youth conference at Oslo.

"Christian education is the only means by which America can find an adequate national faith," he says. "As such it is the best antidote for false philosophies of life, including those of atheistic communism."

Amputees to Get Better 'Arms,' Says Bureau Head

WASHINGTON. — Veterans' administration has announced what it described as the first marked improvements in artificial arms "since the Civil war."

Chairman Robert S. Allen of the VA's prosthetic advisory committee said that three new models, the products of joint government and industry research, would be made available at once to veterans and civilians through 250 dealers in the country.

"They will be heart stirring to the men and women who have lost arms," he said. "They are light weight arms that offer some utility to the wearers without requiring them to pay a tremendous cost."

Veteran amputees will receive their choice of one of the three types of arms free of charge from Veterans' administration, while the cost to civilians will be far less than for old models, Allen said.

He emphasized that the new type arms were "not revolutionary or miraculous developments," but did constitute great advances in manufacture and design.

Peruvian Girl Is Topliner Among Women Bullfighters

LIMA, PERU.—Conchita Cintron, 23-year-old Peruvian girl, topliner among a small select band of woman bullfighters, now has 510 bulls to her credit.

Conchita took up bullfighting when 15 and is a favorite in Spanish and Portuguses bull rings. She claims to be the only bullfighter, man or woman, who fights afoot and on horseback. She says she fights bulls for the sheer love of it but when she retires she is going to buy a ranch to rear bulls instead of killing them.

Too Tiny to Be Weighed at Birth; Now Hits 16 Pounds

NEW ROCHELLE, N. Y.—Richard Davis Mann, so small he couldn't be weighed at birth, tipped the scales at 16 pounds when he celebrated his first birthday anniversary.

"Butch," one of the smallest babies ever to survive, weighed an estimated one pound when he was born two and a half months ahead of schedule. Doctors kept him in an incubator for a month, feeding him with an eyedropper.

13 THOUSAND BALES IS INCREASED OVER 1946

Milam county's 1947 cotton crop will not reach 25 thousand bales as predicted. The actual figure to-date is 22,719 according to statistics just released by Jess Thompson, special agent of the Department of Commerce.

The figures carry the crop report up to January 16, 1948 and is practically complete. There was an increase of over 13 thousand bales over the 1946 crop.

There were 9, 591 bales for the same period from the crop of 1946.

The crop brought farmers approximately two and a half million dollars. Better prices has started farmers planting larger acreages and labor troubles have been overcome by the use of modern farm equipment to a large extent.

FIREMEN BATTLE IN BITTER COLD NIGHT

Two fires during Thursday night took a heavy toll in two sections of the city as Firemen battled flames in bitter cold weather.

At 8:30 p. m. the home of a negro on West 15th Street was totally destroyed. The cause of the flame was not immediately ascertained.

1:30 a. m. Friday a double garage at the home of August Horstmann at 902 West Main street was destroyed. The fire destroyed an automobile belonging to Mr. Horstmann and badly damaged a car belonging to W. C. Ford who has an apartment in the Horstmann home.

Mr. Horstmann said he was awakened by Joe Richter who discovered the fire while on his way home further down the street. Mr. Horstmann's car was a Terraplane and the car of Mr. Ford was a Buick.

The garage was destroyed along with his car despite the fact that the Firemen responded promptly. Defective wiring may have caused the blaze.

Mr. and Mrs. Luther Todd and Mrs. J. D. Smalley and Joyce spent a few days in Houston this week.

SECURITY BENEFITS IN CENTRAL TEX 5 MILLION

AUSTIN, Jan. 29 — More than $5,000,000 will be paid to Central Texas recipients of old age assistance, aid to the blind and aid to dependent children during 1948, the state department of public welfare estimated today.

Based on January payments, the department said that during the 12-month period in Central Texas, $4,929,996 would be paid out in old age assistance, an average of $30 to each of 13,694 recipients; $129,768 in aid to the blind, an average of $32.97 to each of 328 recipients; and $305,288 in aid to dependent children, an average of $37.75 for each of 674 families.

In the state as a whole, January payments for the aged went to 200,941 persons who received an average of $30.17 each, a total of $6,062,455. Aid for the blind went to 5,507 persons, and averaged $33.62 for a total of $185,126. Aid for dependent children went to 16,664 families, averaging $38.29 per family, a total of $638.003.

The payments for financed jointly by the state and federal governments, with the federal government paying slightly more than half. For both aged and blind, the federal government pays $5 for each recipient plus 50 per cent of the balance of the payment, while for aid to dependent children, it pays $3 per family plus 50 per cent of the balance. State appropriations amount to $31,000.00 a year for the aged, $1,000,000 a year for the blind and $3,000,000 a year for dependent children.

TO THE FIREMEN

We wish to express our appreciation to the Cameron Firemen for their good work and prompt response last night when fire broke out in my garage, destroying the building along with my car. You deserve every praise and consideration for your fine work. The night was very cold and we know something of the sacrifices you make in serving as a volunteer fireman and we wanter you to know we greatly appreciate your help.

IT TAKES MORE THAN A SWITCH TO LIGHT A LAMP!

When you turn on a switch, day or night, your lights come on. It's as simple as that to you... but it's not so simple to us, because the power to provide that light must come from the generators in the power plants. Generating electricity... by steam or water... and delivering it to you is an intricate process, involving many problems. The problem right now is an acute shortage of generators... a shortage that stems from the recent war.

During the war, manufacturers of electric generating equipment were restrained from supplying any needs not directly connected with the war effort. They, too, were working for victory, and the big turbo-generators they made were for war ships and for shipment to the war zone. Thus, the war program put us behind in our expansion of generating plant facilities... just as it did other power companies. And, when the war was over, the pent-up demand of a nation, and of the world, for urgently needed electric generating equipment had to be met... and manufacturers who make these large generators are few in number—they were swamped with orders!

To supplement its present 294,000 horsepower of electric power resources, this company many months ago ordered an 84,000-horsepower generating unit... which cannot be delivered for installation before early 1950. It subsequently ordered other generating units totaling 24,000 horsepower, of which 8,000 will be installed this year (1948) and 16,000 next year (1949).

Meanwhile, our existing equipment is being pushed to the limit to provide you with the dependable type of service to which you are accustomed.

So, when you flick that switch, think back a moment to the source of electric service... and bear with us, when called upon, in our effort to make present equipment continue to provide for all needs, pending the installation of new equipment now on order.

This company is now engaged in the most extensive expansion program in its history, upon completion of which there will again be an abundance of reserve power for future growth and development.

We solicit continuance of the cooperation you have always extended us.

OPPORTUNITIES KNOCK AT OUR DOOR DAILY

Viewed strictly from the newspaper point of view, many are coveting our lands and hardly a day passes without an inquiry at The Herald for lands in Milam county, especially along Little River.

Real estate operation here might well assume a more active business phase for opportunities are knocking right now. Cameron and this Magic Soil Belt should be advertised. Our lands are valuable and while they are selling far below their actual and potential values they need development.

Right now Milam county is one of the leading livestock counties in the state. Farming has slipped gradually into the background but flood control will bring it back some day.

Real estate dealers, it appeared, should list their lands in some form of advertising to get the information to those who are seeking investments here.

Cameron needs residential section development badly to provide legitimate expansion for the city and to meet the acute housing needs.

FIREMEN GET $50.00 FROM RAILROAD HERE

Cameron Firemen have received $50 from the Texas & New Orleans Railroad Company, according to John C. Andres, Secretary and Treasurer.

F. E. Hoefer, of Ennis, Superintendent of the lines, personally presented the check to the Firemen which was an appreciation from the railroad company for a prompt response to a call from the local agent, E. C. Cole, to assist in putting out a fire on the Elm Creek railroad bridge north of the city on January 15 this year.

"The Cameron Fire Department being a voluntary organization, deeply appreciates this generous check and is happy to know that the officials of the T&NO railroad, as well as the many citizens in the past in Cameron do appreciate our services we render the community," said Mr. Andres.

"This Golden Egg was presented at a most opportune time when the Department is wondering where they will get enough funds to defray the expense of the Central Texas Volunteer Firemen's Association meeting to be held in Cameron on May 9. Every four years Cameron is selected to be host to this association and being still short of $400 to put on the convention, we feel that some of our good citizens in Cameron will come to our rescue."

Cameron Donors To Battleship Texas Fund Get The Good News

Cameron made a generous donation to the Battleship Texas Fund and donors are happy over the news that:

The celebration of San Jacinto Day, April 21, in Texas this year will bring to end the seafaring life of the last of the old class battleships still in active service with the United States Navy.

Not like the unglorified endings of other battleships, such as the Idaho, Wyoming, New York, New Mexico and Nevada, which were sold for scrap, the USS Texas will be decommissioned and made into a historical relic for thousands of Texans to visit in the years to come. Through the efforts of these people, sufficient funds were obtained to convert the ship and place her on the historical San Jacinto Battlefield Park within the shadows of the San Jacinto Monument and Museum.

The USS Texas is the first vessel of the U. S. Navy to be purchased by a State to be used as a memorial.

Specialty Shop Here Gives Clothing To The Pythian Home

The Specialty Shop in Cameron has given clothing and merchandise valued at more than $200 to the Pythian Home in Weatherford, it was announced here Wednesday by J. M. McLean, Secretary of Milam Lodge.

Mr. McLean is in receipt of a letter from Hugo Horstmann, Superintendent of the home in which he expresses thanks for the fine gift sent in by Mr. Donovan.

Included in the shipment are some 54 pairs of sox, dozen combs, custom jewelry, rain coats, house coats and 19 dresses.

Children at the home are delighted to receive this gift. Mrs. Horstmann is matron of the home, both having lived at Buckholts, their old home.

Mr. and Mrs. Fred Dierr and son, Mr. and Mrs. Clayton Dierr of Bryan spent Sunday with Miss Cora Baggett of Cameron.

DISTRICT FARM BUREAU IN TEMPLE FEBRUARY 12

J. Walter Hammond, president of the Texas Farm Bureau Federation, has announced that a District Farm Bureau meeting will be held in the Kyle Hotel at Temple on Thursday, February 12. Frank Taylor of Waco, District director, will preside. The State Farm Bureau president will be in attendance to report on agricultural trends in Washington.

As a member of the Board of Directors of the American Farm Bureau Federation, reprsenting the Southern Region, Hammond spent the latter part of January in the Nation's capitol attending an American Farm Bureau Board Meeting, and contacting members of the Texas Congressional delegation in Washington on issues vital to agriculture in Texas and the Nation.

Guided by resolutions adopted by voting delegates at the 29th annual convention, the Farm Bureau Board charted the organization's action on such important issues as a long range farm program, parity, support price levels, a porgram to control the spread of Foot and Mouth disease, and many other matters important to agriculture.

Mr. and Mrs. W. E. Shafer of route 3, Cameron are the parents of a baby son born at St. Edwards Hospital, January 26, 1947. He weighed eight pounds and eight ounces and has been named James Edward.

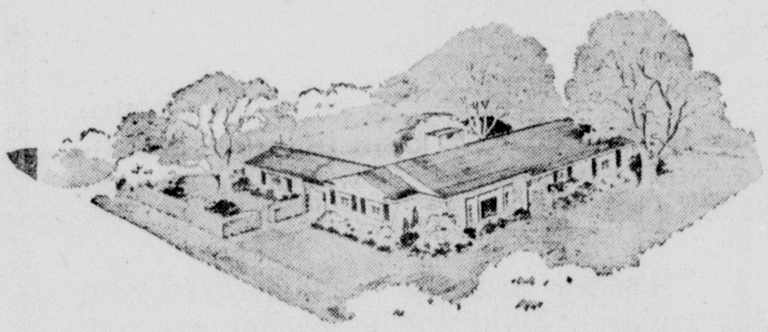
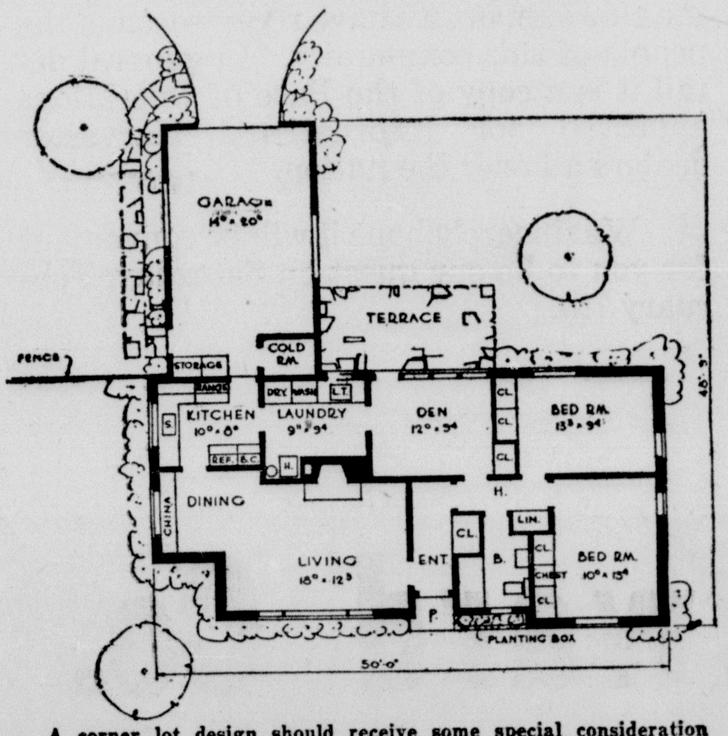
Corner Lot Home





A corner lot design should receive some special consideration in planning. Often an L-shaped plan is desirable to provide privacy for the rear garden from the side street. In this home the garage has been used for this screen effect and at the same time to produce a rambling exterior appearance. White painted brick, soft gray green trim and dark bottle green roof is a color scheme that would be very enchanting. It comprises 1165 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

"Let us be on the alert as active loyal Democrats we will not have to worry about the Grand Old Party of Thomas Jefferson; Jackson; Woodrow Wilson; Franklin D. Roosevelt; and of our now great President, Harry S. Truman, being overwhelmed either by Henry A. Wallace, and the Red Baters of Joe Stalin's "atheistic communism", or by Taft or Dewey or any one of the Republican Party. In other words we are going to defeat Wallace's Russian thories and the Republican depression theories. Let us remain Democratic and our country prosperous."

Negroes May Vote In Primary Elections

This in reply to a letter from W. J. Rice asking whether Negroes, under the law, are eligible to vote in Primary elections.

It is the duty of party officials to instruct election managers on voting eligibility. Unfortunately controversial questions are too often evaded.

Texas has an elaborate system of laws governing political parties and primaries. These laws are enforced or ignored as circumstances demand. Texas has no law discriminating against negro voters. Our Texas courts have wisely held that the state is without authority to enact laws affecting qualifications of citizens so long as poll tax, questions of residence and the like are complied with.

Discrimination against Negroes in Primaries stems from Reconstruction days and has been practiced by Party policy irrespective of the Fifteenth Amendment of the Constitution.

The answer to the question is: Yes, Negroes have the legal right to vote in Democratic primaries.

The Supreme Court of the United States in a decision at its October term in 1943 answered this question in the affirmative. The case originated in El Paso with Lonnie E. Smith, negro, petitioner and S. E. Allwright, election manager, who denied Smith the right to cast his ballot at a Democratic Primary election on the grounds that he is a Negro.

The Supreme Court of the United States not only upheld the negro's right to vote in that Primary but much further. The court held in addition that no matter what system men may employ to nominate candidates they cannot legally deny the right of a Negro to participate for the reason that any system have for its purpose the ultimate object of electing men to govern. Names cannot be certified to a general election ballot, under the Texas law, unless they be the names of those who were chosen at a nominating primary. The court held that because of this the Negro was denied a voice in the selection of those to be elected. The interference as well as the plain decision is very apparent.

Although the Court did not rule on the specific question whether names can be legally certified to a general election ballot when citizens were denied the right to vote their choice of such candidates, it is certain that if such a question were raised in the court it would follow as a matter of fact that a ballot so certified would be illegal and therefore candidates would not qualify legally.

In that Decision the U. S. Supreme Court said: "Under our Constitution, the great privilege of choosing his rulers may not be denied a man by the State because of his color."

The Court went on to say that because the Legislature had enacted laws governing a political primary setting up legal machinery through which officials are elected from lists of nominations, the state becomes a part of the Democratic Party. In effect this decision makes untenable all statutes thus enacted.

We quote from that decision as follows:

"We think that this statutory system for the selection of party nominees for inclusion on the general election ballot makes the party which is required to follow these legislative directions an agency of the State in so far as it determines to participants in a primary election. The party takes its character as a state agency from the duties imposed upon it by state statutes; the duties do not become matters of private law because they are performed by a political party. The plan of the Texas primary follows subsantially that of Louisiana, with the exception that in Louisiana the state pays the cost of the primary while Texas assesses costs against the candidates. In numerous instances, the Texas statutes fix or limit the fees to be charged. Whether paid directly by the state or through state requirements, it is state action which compels. When primaries become part of the machinery for choosing officials, state and national, as they have here, the same tests to determine the character of discrimination or abridgement should be applied to the primary as are applied to the general election. If the state requires a certain electoral procedure, prescribes a general election ballot made up of party nominees so chosen and limits the choice of the electroate in general elections for state offices, practically speaking, to those whose names appear on such a ballot, it endorses, adopts and enforces the discrimination against Negroes practiced by a party entrusted by Texas law with the determination of the qualifications of participants in the primary. This is state action within the meaning of the Fifteenth Amendment."

The Fifteenth Amendment to the Constitution expressly prohibits discrimination against citizens of the United States because of creed, color or previous condition of servitude.

Article 217, Chapter 4, of the code setting out penalties, imposes a heavy penalty on an election judge who refuses a qualified voter the right to cast his ballot.

The law also holds that where a candidate can show that as a result of refusal to permit qualified voters to cast their ballot, and the number so refused brought about his defeat, the Court is obliged to nullify the election and it must be re-held.

I trust the above may serve to answer Mr. Rice's question whether negroes are qualified to vote in the City Primary February 3.

1370 VOTE RECEIPT ISSUED IN CAMERON

Poll Tax payments in the city of Cameron set an all time high it was reported by W. H. Stafford, tax collector here Tuesday morning.

Mr. Stafford's department issued 1370 poll taxes.

The voting strength of the Cameron Precinct will be the largest in history and with over age qualified voters and those under age, it was thought the city might be able to poll around 1600 votes if all participate in the elections.

The deadline for paying poll and other taxes was midnight January 31st which was Saturday.

Payment of taxes was about normal, it was said, but with 1948 a political year from President to Precinct office, people generally had qualified for the ballot.

Mrs. Maude Chambers returned with her daughter and husband, Mr. and Mrs. Pete Bane of Raton for a months visit. Mrs. Bane is the former, Jerry Chambers.

GRAND OPENING

Saturday February 7th is the Big Day

OUR NEW MODERN BASE OF OPERATIONS

Saturday, February 7th is the Big Day.

We will open our new modern Base of Operations for public inspection at that time, and we invite you and your family to come in, look around, and generally speaking, get acquainted with our new place of business.

Your visit to our store will always be welcome, but Saturday has been set aside as a special event when we will show you around and give you the story of our Base of Operations and what it means to the farmer and truck owner.

From 2:00 to 5:00 p. m. is open house, and we invite you to come and look around and have refreshments with us. So plan now to be with us.

This new store is dedicated to your service and would not be possible without the fine support we have received from the people of this community. In general detail it is a copy of the Base of Operations approved for International Harvester dealers all over the nation.

We sincerely hope it will be convenient for you to be our guest on Saturday, February 7th.
